Hot Springs, Ark., May 13—News reached the city that three young men of Montgomery county, twenty-five miles from this city, visited an illicit distillery Tuesday last and after partaking of liquor there procured left in the direction of their homes. One of the young men, a son of Adolph Adair, an old resident of that section, died a short time after reaching home. His companions have not yet been heard from. D. R. Snideth, Ravenna Agent Berryman and Deputy Marshal Barron destroyed the still visited by the young men and another discovered in the neighborhood, together with a large quantity of liquor and mash. No arrests were made.

## DOCTORS ADJOURN

The Next Meeting of the Society at Wickliffe.

Dr. H. T. Rivers, of Paducah, Elected President for the Year.

## AN INTERESTING MEETING

The second day of the Southeast Kentucky Medical convention was begun this morning at 10 o'clock and the only number of the five regular papers on the program read was that of Dr. D. T. Stewart, of the city, on "Use of the Microscope in General Practice." This was an excellent paper. Reports of cases and ones were made and this proved an attractive feature of the meeting.

The afternoon program yesterday was carried through without a hitch, and all doctors down for a number were on hand except one, Dr. S. M. Morris of Hazard. Dr. E. A. Stevens of Mayfield read an elaborate paper on "Puerperal Eclampsia." The discussion of this paper was ably opened by Dr. J. R. Coleman of the city. The next paper was read by Dr. James L. Cheuveth of Louisville and was on "Head Injuries and Their Treatment." Dr. J. G. Brooks, city, lead the discussion. This paper was one of the most interesting on the program. Dr. P. H. Stewart, city, read a very fine paper on "Operative Treatment of Tumors of the Breast," and Dr. D. P. Jewett of Hazardville opened the discussion. "Asthma" was taken up and an excellent paper read by Dr. R. L. Grogan of Murray, and the following discussion was opened by Dr. J. S. Davis of Lovelaceville. The paper of Dr. Van A. Stille of Benton, on "Dysentery," was excellent and the discussion, opened by Dr. S. Z. Holland of Grahamville, was very interesting. Dr. T. L. Lamkin of Melburn read a paper on "La Grippe," discussion opened by Dr. R. T. Rudd of Fulton. "Purpura Rheumatica" was the subject of the paper read by Dr. G. H. Covington of Whitesboro, and the discussion was opened by Dr. J. T. Reddick, city. Dr. Reddick next read a paper on "Rheumatism," and the discussion was opened by Dr. J. M. Woodall of Harvey. This closed the afternoon program.

The program for today is as follows: "Use of Microscope in General Practice"—D. T. Stewart, Paducah. Discussion opened by Dr. Delia Caldwell, Paducah. Report of surgical cases—Frank Boyd, Paducah. Discussion opened by Jas. Chenoweth, Louisville. "Fracture of the Femur"—H. P. Nighs, Paducah. Discussion opened by Dr. C. A. Niles, Dawson Springs. "Use of Quinine in Continued Fevers"—J. C. Taylor, Paducah. Discussion opened by E. T. Duway, Magnolia. "Treatment of Continued Fevers"—S. Z. Holland, Grahamville. Discussion opened by J. D. Rollins, Hinkleville. Reading of volunteer papers. Reports of cures. Adjournment.

Among the late arrivals who registered since yesterday afternoon are: Drs. T. L. Lamkin, Melburn; B. B. Grith, city; J. T. Trontman, city; J. G. Brooks, city; R. L. Ringo, Wingo; W. Z. Jackson, Columbus; T. L. Phillips, Hico; J. E. Coyle, city; C. O. Jingles, Kirksey; C. A. Niles, Dawson; F. V. Kimbrough, Maxon Mills; G. H. Covington, Whitesboro; H. F. Green, Bloom; T. C. Coleman, Palma; E. A. Stevens, Mayfield; T. L. Shelton, Lone Oak; H. Luton, Trenton; R. L. Grogan, Murray; C. W. Crawford, Lynnville Grove; W. H. Graves, Murray; T. J. Ray, Bloom; W. W. Buckner; J. D. Pryor, Mayfield; John Dismukes, Jr., Mayfield.

Dr. Horace Rivers, of Paducah, one of the best known and most popular members of the society, was elected president of the association. He has been secretary for some time past.

Dr. E. H. Shelton, Blandville, was elected first vice president, Dr. Crawford, Calloway, second vice president, Dr. Stille, Benton, secretary, and Dr. Brothers was elected treasurer.

## FOR FILTERED WATER

Water Company Stockholders to Put in Filter.

Work Will Begin in July and Require About Ten Months or a Year.

## APPROXIMATE COST \$100,000

A meeting of the stockholders of the Paducah Water company was held yesterday afternoon at 4 o'clock at which it was decided to put in at once at Paducah a first class filtration plant. This will be the realization of the hopes of Superintendent Mucos Burnett, who for some time past has exerted every means within his power to secure filtered water for Paducah.

Last year a proposition to put in a filter in consideration for an extension of contract, which would justify the company in making the expenditure, was voted on by the people of Paducah but lost because the people did not understand it. The water company refused to abandon the plan, however, and yesterday afternoon, at a meeting of the stockholders, decided to install the filtration plant without the assistance of the city or anyone else.

Within the past few years filtration has been nearly perfected in America, and millions of dollars a year are invested by various cities in immense plants. Philadelphia is to spend nearly thirty millions, Cincinnati close to seven million, Pittsburgh ten or twelve million, and many other cities corresponding sums.

The work on the Paducah plant will begin in July, and will require for completion about ten months. The main building will adjoin the present water company's plant, and will be 175x80 feet. The suction pipe in the river will be thirty inches, about twice as large as necessary for a city the size of Paducah is at present, but the company has in view the future development of Paducah in building the filtration plant, and will make it about double the size necessary.

The money necessary for the building of such a fine plant will be furnished by the stockholders of the Water company. The plant will be modern in every particular, and will be similar to the one furnished Cornell University at Ithaca, N. Y. by Mr. Andrew Carnegie. The plans for it will be drawn at once, and the preliminary work at the water company's plant which will require some time, will start as soon as possible. It is thought that July 1 will see work well under way.

The present plant will have to be greatly enlarged, and new pumps added with which to increase the supply of water. New wells will be sunk and new buildings added, and the new suction mains will require a great deal of work. It will probably be nearly a year before the new plant is in operation.

## FIRST BAD WEATHER

Crowds Out Last Night Were Large, However.

Paducah Experiencing Her First Disadvantage During Carnival.

## YET PATRONAGE IS QUITE GOOD

Paducah is having rain during carnival for the first time, with the exception of the closing night two years ago. Always the Pride of the Purchase was given the best of weather by the clerk, but last night a light rain began, and today it has continued at intervals, and been quite heavy at times.

There were thousands of people out last night, and the patronage of the various shows was good. The German Village, one of the best features of the carnival, was a refuge for the crowds, and hundreds thronged it until a late hour.

It is said by the carnival people that the patronage of the different shows is as large as if not larger than last year, when we had an enclosed carnival.

Today a number of strangers have arrived despite the bad weather. The Dick Fowler remained over at Cairo last night and this afternoon brought up a large crowd from Cairo. Every boat and train that comes brings in at least a few score of visitors.

While many seem depressed over the bad weather of today, a majority realize that good weather is probable during the remainder of the week, and large crowds are expected from everywhere.

The gold watch was won by Mr. John G. Rinkoff who held No. 2030. No. 80, which drew the barrel of flour the night before, was not presented.

The rain today has had a very depressing effect on the people as well as the carnival promoters, and the streets present a very different scene from yesterday and last night. The weather indications are for fair weather tomorrow, which is reassuring. The barrel of flour given away Monday night at the country store has not yet been called for although two numbers have had a try at it.

The water company, in arranging for this, has kept in view the same thing always observed by it, the future growth of the city, and will have installed a plant that will be large enough for Paducah for many years to come. The news that Paducah people are to have filtered water will be very pleasing to everybody. Paducah now gets water throughout most of the year, that many larger cities would consider first class, but at times it is muddy, and the filtration plant will give pure, sparkling water the year around.

## PLAYED FAST BALL

Goose Eggs Yesterday for Eight Straight Innings.

Then Henderson Scored Twice on Paducah's Error—A Hot Contest.

## OTHER LEAGUE GAMES

Local fans saw a good game of ball yesterday afternoon at Wallace park. The Henderson K. I. T. league team defeated the local league team by a score of 2 to 0, the two scores of the winning team being made in the first half of the ninth inning. Paducah played an excellent game but lost on Kenney Murray's error on third, when he muffed a throw of Meekie's and failed to tag runner Percival, who came home on a fly to right. Richards was next to come home and then Paducah managed to close the inning, but failed to make a score in the last half and quit defeated, after having put up one of the hottest games ever seen in Paducah.

The game was called at 3:30 by Umpire Albert Winfrey and both teams went in for victory from the start. There was a small attendance on account of the threatening weather but the teams played hard and all left satisfied with the sport. The official score shows but few errors and few hits and both pitchers did excellent work. The lineup was as follows:

Paducah—Lloyd, right field; Plumlee, center field; Kenna, left field; Murray, third base; Sexton, second base; Clifford, short stop; Simcox, first base; Perry, catcher; Mackie, pitcher. Henderson—Copeland, left field; Warner, catcher; Ogden, right field; Percival, center field; Richards, third base; Blumrich, first base; Haas, second base; Parkins, pitcher; Grotty, short stop.

The Paducah boys were changed up. Simcox played a faultless game at first and Perry caught an excellent game. Mackie did good work at the slab. Mackie struck out eight men and gave two bases on balls while Parkins struck out seven men and gave two bases on balls. Hits were made for Paducah by Murray, one; Sexton two, and Simcox one. For Henderson Plumrich, one; Grotty, one, and Copeland one.

Three hits were scored off Mackie and four off Perkins, the left handed twirler. Errors were made by Plumlee, one; Kenna, one; Murray, one, and Sexton one. Errors for Henderson by Haas, one and Grotty one. Paducah filled second and third base with two men once during one inning in the youth of the game, but Plumlee failing to hit, retired the side and this was the only chance Paducah had of getting a score during the game. Kenna batted badly and also did Plumlee. There was little betting done on either side, all hits being well fielded.

The second of the series of three games will be played and a large attendance will doubtless be out to witness the sport. Cotton, the new second baseman, was given a trial, but no decision has been made as to whether or not he will be kept. The association has telegraphed to Pittsburgh for a new man who will probably be here within the week. The tip that a shakeup is brewing in the team has been confirmed and Paducah will have a winning team or quit the business, this has been assured.

Winfrey did excellent umpiring. There was some little kicking at first on the part of the Henderson boys but Paducah came in later for her share of the bad decisions.

Sexton handled several clippers with great skill and Simcox on first could not have been beaten.

The Henderson boys have no two suits alike. They have been dubbed "old socks," "nick-nacks" and many other ludicrous names.

The members of the Baseball association were well pleased with yesterday's game, although the home boys lost. The game was interesting from start to finish and some "big league" playing was witnessed.

It is said that the local professionals

## NEW CANAL ROUTE

Colombia is Now Considered too Tardy.

Nicaragua Seems at Present to be the Probable Route of the Canal.

## NEGOTIATIONS BEGUN ANEW

Washington, May 13—Thomas Her- ran, Colombian chargé d'affaires here, says that he has not been advised by his government that President Marroquin had resigned, as reported in dispatches from Panama.

If it shall appear shortly that the Colombian government is unwilling to consummate the treaty or is disposed to defer final action beyond the "reasonable time" mentioned in the Spooner act, the state department will at once endeavor to reopen negotiations with Nicaragua and Costa Rica with a view to securing control of the alternate route for a canal through those countries. In fact, Secretary Hay already has within the week talked with Señor Corrales, the Nicaraguan minister, and Señor Celvo, the minister from Costa Rica. It is said by parties to the negotiations that if they are resumed it will be upon the distinct understanding that the United States government definitely abandons the Panama route. So much ill feeling was excited in Nicaragua and Costa Rica by the dropping of the Nicaraguan route, after the protocol had been drawn looking to its acquisition, that the resident ministers of the two countries here are very loath to take up the subject again without an express agreement that they are not to be used to club the Colombian government into terms. The officials here, however, feel very confident that it will not be necessary to resort again to the Nicaraguan route, for they believe the present difficulties in the Panama negotiations are solely attributable to efforts on the part of the Colombians to make the most of the opportunity to induce the Panama Canal Co. to divide with it some part of the \$40,000,000 to be received by the company from the United States.

are on the "suspicious bench."

A new captain is coming here. He started from Pennsylvania this morning, so it is said.

There are a number of sports in the city who are today kicking themselves for not attending yesterday's game.

Simcox will probably be retained at first base. He makes an excellent showing on the No. 1 bag.

Le Compte will be well in a week and ready for the opening game on the 21st. He is an excellent man and his illness has been felt in the club.

The second game of the series between Paducah and Henderson for this afternoon was declared off on account of the rain. There may be a double header tomorrow. If the weather is good there will be at least one game, and the ladies will be admitted free.

Today arrangements were made to play Jackson, Tenn., Saturday and Sunday next, and some hot games are expected. It is claimed by many base ball fans that Cairo, Ill., and Jackson, Tenn., have the two best clubs in the league, and a fast game is promised with Paducah.

An effort will be made to have all the stores close up at 3 o'clock on the afternoon of the formal opening of the league, May 21, at Paducah.

## APPOINTED SPONSOR.

Hickman, May 13—Miss Marie Breward, of this place, has been appointed sponsor of the Kentucky battalion by Colonel Bennett Young, for the New Orleans reunion.

## CIRCUIT COURT.

Judge Hushands is calling his ordinary docket today and settling cases. The case of the Snow Mfg. Co. against J. T. Powell was stricken from the docket.

## STRIKERS RETURN TO WORK.

New York, May 13—Six thousand strikers have returned to work in the subway pending an arbitration of their grievances.

### WAS A FAILURE

Pilot's Strike Failed to Pan Out at St. Louis.

The Pilots Notify Boat Owners That They Are Ready to Work.

The strike inaugurated by St. Louis harbor, Masters and Pilots, April 1, has proven a failure, and the pilots have declared the strike off, and a committee has notified the owners of steamboats that the pilots are ready to return to work.

The pilots, it will be remembered, struck for an increase in pay, which was refused. A number of boats were temporarily embarrassed by the strike, but later on secured other men and succeeded in running on schedule time.

The striking pilots, having been out about five or six weeks, learned that the strike was hurting no one but themselves and called it off. It is quite a victory for the steamboat men, the pilots offering to return to work at the same wages they were receiving at the time they quit work. Some will be given jobs and some probably will not.

ITS WHEREABOUTS REVEALED BY EXPRESS MAN.

Philadelphia, May 13—Detectives have recovered all but \$200 of \$20,000 in currency stolen from the safe of the United States Express Co. in transit from Pottsville, Pa., to this city. William J. Murphy, an express messenger in the employ of the company,

who was arrested Saturday on suspicion of having some knowledge of the mysterious disappearance of the valuable package, is said by the police to have made a confession which led to the recovery of the money. He accompanied the detectives to the home of a friend, where \$19,800 was found buried in the cellar. Murphy has been in the employ of the United States Express Co. for fifteen years.

Frankfort, Ky., May 13—Attorneys Hazelrigg and Ray, representing the state auditor, today filed in the United States circuit court of appeals at Cincinnati an appeal from the decision of Judge Cochran in the franchise tax cases of the Adams and American Express companies against the state board of valuation and assessment. The suits were by the companies seeking injunctions against the board to prevent the assessment of franchise taxes for a number of years. The companies won out in the district court and the state appeals.

Mr. Bebout's friends had been working for him for several months past for the place and his election will be a source of great satisfaction to them. The honor is all the more appreciated because Mr. Bebout had several strong opponents.

### MAY GO BACK

Cole Younger Likely to Get In Trouble Over Wild West.

Is Out As An Attraction with Former Paducah Snow.

There is a prospect that Cole Younger, the former outlaw recently paroled from the Minnesota penitentiary, will get into trouble over his engagement as an attraction in Buckskin Bill's Wild West, now on the road. Younger and Frank James will be remembered, are the main attractions of the show, which was organized a few years ago in Paducah and belonged to Terrell brothers.

A dispatch from St. Joseph, Mo., says: Chief of Police O'Connor, of St. Paul, Minn., paid a very mysterious visit to St. Joseph, and spent the entire day in company with Frank James and Cole Younger, who are giving a wild west show in this city. Chief O'Connor declined to state the nature of his business, and his actions gave rise to the rumor that there might be some startling developments in Cole Younger's case.

"I do not care to be interviewed today," said Chief O'Connor. "I intend to leave the city this evening and will return later."

Cole Younger is alleged to have violated his agreement with the Minnesota pardon board by exhibiting himself.

### HONORS TO A DOG

Great Dane Ends a Long and Eventful Life.

Had Been All Over the World and Played Before Crowned Heads.

New York, May 13—Lying in a rosewood coffin, his head resting on a pillow of flowers, the body of Tyras, a harlequin great Dane dog, was borne away to the dog cemetery at Seaside, followed by a procession of nine automobiles, which carried about forty moderns.

Tyras belonged to an actor and character impersonator. The dog was 13 years old and had appeared on the stage on nearly every country of the world. He had been twice around the globe, had played before the czar of Russia, the emperor of China and the mikado of Japan, and at the time of his death wore a beautiful collar given to him by Cecil Rhodes.

The dog was presented ten years ago by Prince Charles of Denmark to his owner, and in the actor's presentation of "Great Men of Past and Present" he always had the dog by his side in his impersonation of Bismarck, as Bismarck for years was always accompanied by his reichshund.

While returning from Australia last January with his master the dog became bilious while the ship was crossing the equator. Arriving in New York he was taken to a dog hospital, where he died of Bright's disease.

A large granite monument will mark Tyras' last resting place.

#### CONFERENCE IN SESSION.

Hopkinsville, Ky., May 13—The

Russellville district conference convened in Pembroke and will be in session the balance of the week. Bishop H. U. Morrison is presiding.

#### MEET HERE.

STATE LAUNDRYMEN TO COME TO PADUCAH NEXT.

Lexington, Ky., May 13—The State Laundrymen's association elected the following officers for the coming year: President, George Merckle, Louisville; first vice president, W. H. Tipton, Lexington; second vice president, W. A. Patterson, Newport; secretary, Ernest Vanardell, Shelbyville; treasurer, W. A. Haas, Louisville. Executive committee, Thomas Sayers, Owen Sullivan, T. S. Bottomley, of Louisville; Samuel Lyons, Danville; Frank Catterjohn, Owensboro; J. N. Williams, Lexington. They meet next year at Paducah. The toastmaster at the banquet was C. F. Kley, of Cincinnati.

#### LABOR SCARCE

EFFORTS BEING MADE TO SECURE MORE FOR CAIRO DIVISION.

The contractors who are building the Cairo extension of the Illinois Central out of Paducah are having trouble getting enough men to do the work. A commissioner for the contractors is now up in the state looking for more men. He was in Louisville yesterday and in Shelbyville yesterday. He hopes to get about thirty-five men at the latter place. The opening of the farming work also interferes with the work, as many men who were working on the road have returned to the farms.

Mr. Austin Tindell of Memphis is in the city on business.

### MORNING BLAZE

One House Burned and Another Damaged.

Fire Departments Did Good Work on Willie Street, Mechanicsburg.

There was a brisk fire on Willie street in Mechanicsburg this morning about 3 o'clock, when the residence of Mr. John Light was burned to the ground and the residence of Pilot William Smith was badly damaged.

The fire started about 2:30 this morning and a second alarm was sent in for the central department. The fire originated in Mr. Light's house and all the furniture and the building was destroyed before the fire could be controlled. The Smith residence caught fire and the roof burned off. Smith carried no insurance and the damage will amount to about \$250. Light carried \$500 insurance on house and furniture and lost everything. The exact damage cannot yet be determined.

#### COMPANIES MUSTERED OUT.

Frankfort, May 13—Orders were issued from the state military department mustering out of the service the companies at Midway, Richmond, Nicholasville, Tyrone and Monticello, and mustering in a company at Oynthiana.

#### Shawd Sultan.

The sultan's announcement that his autobiography, detailing all the intrigues of Christian sultans to gain the support of Mohammedan Turkey, will not be published until after his death is probably his oriental way of traucing his life. ### MUST STAY THERE

Little Hope of the Arkansas Getting Away.

Some of Her Men Likely to be Transferred to Other Vessels.

The monitor Arkansas, according to a telegram from the assistant secretary of the navy, can neither go up nor down the Mississippi river, and must remain at Ste. Genevieve, Mo. It was hoped to have her ordered back to St. Louis, but she can't leave.

Reports from Ste. Genevieve are that the United States lighthouse boat Lily had been sounding the shoal water below Ste. Genevieve and had found a channel of thirteen and one-half feet. The channel has been cutting out, and is better defined than it was a week ago.

Lieut. Chester, one of the watch officers of the monitor, said at Washington yesterday that in his opinion the vessel would be obliged to remain at its present anchorage until next spring unless an unexpected rise occurs.

It is understood that some of the vessel's crew will be transferred to other warships. Those remaining on the Arkansas will put in the summer and fall in the comprehensive drills which are calculated to make the vessel an attraction for Western people.

From Washington also comes the news that the Arkansas was finally accepted by the navy department yesterday.

### HIGH AVERAGES

WIN PRIZES FOR PUPILS OF THE LOCAL SCHOOLS.

Mr. J. D. Bacon, the druggist, has given the prizes awarded the pupils making the best school averages in the local schools in April. The boys received stem-winding watches and the girls sterling silver bracelets. The pupils and averages were: Boy Houser, Irene Houser and Roby Houser of the Longfellow school via James, Fred George, Hallie Boaz, of the fourth grade, and Jennie Farrell and Geneva Moore of the third grade, from the St. E. Leo building, and Ernest Willett of St. Mary's academy.

The general averages of the pupils ranged from 95 to 98 per cent, while their deportment averaged from 98 to 100 per cent.

### A REVOLUTION THREATENED

Mexico City, May 18.—News brought here from Guatemala by people who have seen the ruin wrought by the recent eruption of Santa Maria volcano confirm all the previous reports. The situation could hardly be worse. All the coffee plantations in the vicinity of the volcano, says Manuel Hurtado, just arrived here from Guatemala, have been destroyed for all time.

Ashes from ten to fifteen feet deep cover the country. In the neighborhood of the volcano, ashes are so deep that only some of the tops of tall trees can be seen. Scoria and ashes cover 1,000 square miles to depths of from one to five feet.

One-third of the entire coffee crop has been destroyed. About 800,000 quintals of the very choicest coffee have been lost, and all land upon which it was grown is doomed to eternal sterility.

"As to whether or not the economic conditions produced by the natural catastrophes will tend to produce a revolution, is a question I cannot answer, but I can say that President Cabrera has everything well in hand," said he.

Another gentleman from Guatemala makes some very emphatic assertions. He says that a revolution is one of the contingencies most likely to arise in Guatemala in the next few months. The only reason there is no revolution in Guatemala at the present moment, says the gentleman, is because the enemies of Cabrera are without money.

Without money, of course they are without friends, but as soon as they secure funds they will precipitate a revolution. He says President Cabrera is a little tyrant; that he practically controls everything in Guatemala, increasing the financial resources of the country and the army. He has police commit atrocities with startling frequency, and the penitentiaries are being filled with persons of high standing who are arrested on false charges, simply because they fall under the suspicion of Cabrera.

While it is against the law in Guatemala to put anybody to death for crime, executions are daily taking place. All executions are, of course, accomplished secretly, and every one of them are carried out by order of the tyrant. In fact anybody who comes under the frown of Cabrera, it is said, is liable to arrest and condemnation to death without trial.

It is true that Antonio Barrios has just arrived in Guatemala, but the suggestion that he is to lead a movement against Cabrera is to be sneered at. There is not a Barrios in Guatemala who has any influence.

Mme. Barrios herself is in England, and is therefore not to be considered as a revolutionary factor. Besides, all her money has been spent.

The gentleman giving the above state of affairs in Guatemala is a Guatemalan.

### PRESIDENT OF THE MINNEHABA CLUB.

Gentlemen:—I suffered with Eczema on the hands and face for over a year. It was not only annoying and painful, but very unsightly, and I disliked to go out in the streets. I tried at least a dozen soaps and salves, and became very much discouraged, until I read in the papers of the cures performed through the use of S. S. S., and determined to give it a month's trial at least. I am pleased to state that I soon noticed a slight improvement, sufficient to decide me to keep it up. After the use of six bottles my skin was as soft and smooth as an infant's. This was a year ago, and I have never had any trouble since.

MISS GENEVA BRIGGS.  
216 S. Seventh Street, Minneapolis, Minn.

The humors and poisons that produce the itching eruption, roughness and redness of the skin, must be rooted out before there is complete relief from the terrors of Eczema. Nothing applied externally does any permanent good, for whenever the blood is overheated, or the skin is reacting during Spring and Summer, the disease breaks out again. You can't rely upon washes, soaps and salves, or such things as are applied to the surface, for they do not reach the seat of the trouble, which is internal and deeply implanted in the system; the blood is aflame with the itching, burning humors, which are carried by the circulation to the surface and are being constantly forced out through the glands and pores of the skin, and you can never heal the sores or stop the aggravating eruptions with external applications.

To neutralize the acids in the blood and expel the humors and poisons is the only way to get permanently rid of this torturing skin trouble, and no remedy known does this so quickly and thoroughly as S. S. S. It purifies the blood and restores it to health, and the outbreak of the poison through the skin ceases, and the sores and eruption gradually disappear. S. S. S. builds up the thin acid blood, makes it rich and strong, and restores to it all the elements of nutrition, and drives from the circulation all impurities; and under the tonic effect of S. S. S. the general system is invigorated and toned up, and you not only get rid of your old skin trouble, but the health is benefited in every way. S. S. S. being a strictly vegetable medicine, acts gently, leaving no bad after-effects, as do Arsenic, Potash and other minerals which are usually prescribed in skin diseases.

Eczema cannot be cured by anything applied to the surface of the body; the blood must be purified and the cause removed, and in no other way can this deep-seated skin disease be reached. If you have Tetter, Psoriasis, Salt Rheum, Nettle Rash, or any form of Eczema, you will find S. S. S. does its work well and thoroughly, and relieves the itching and burning, soreness and pain, and soon produces a lasting cure.

Write us, and medical advice or any special information desired about this King of Skin Terrors will be given without charge. **THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.**

## Women's Headaches

Portland, Maine, Oct. 17, 1902.  
I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days' treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

*Mrs. Wilhelmina Snow*  
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Malarial headache predicts fever. Bilious headache foretells liver troubles. Neuralgic headache shows overworked nerves. Periodical headaches tell of female weakness.

Both men and women suffer the first four kinds of headaches, but the last, periodical headache, falls only to the lot of women and cannot be mistaken, for it is the unerring sign of irregular menstruation and bearing down pains.

No woman need give up and accept a life of suffering unless she allows herself to despair. Mrs. Snow, in her letter shows every suffering woman how not only suffering can be avoided but how weakness can be conquered and the best health assured.

She tells, how even when the best medical aid failed, Wine of Cardui worked a complete cure.

Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain she was made a strong and healthy woman again. One week of suppression is a serious thing. But nine months! Think of it! Can your suffering be greater than hers? Can your case be more seemingly hopeless?

Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness.

Mrs. Snow's attention was attracted to Wine of Cardui when she was discouraged and beyond the help of physicians—if she hadn't been beyond doctor's help she probably never would have come to take Wine of Cardui. If you are discouraged and doctors have failed, that is the best reason to the world you should try Wine of Cardui, and try it now. Remember that headaches mean female weakness. They are from the same cause as the irregular flow. Cure one and you cure both. Do not postpone your case. Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles of Wine of Cardui.

MRS. WILHELMINA SNOW,

Treasurer Portland Economic League.

## THE WEATHER.

Cloudy tonight with rain in west  
portion. Thursday fair.

There is plenty of fun this year, but  
not as much as last year, which  
is something to be thankful for.

If the people in the business part of  
town who own valuable property are  
not able to pay for first class, substantial  
pavements when the streets are  
paved, they should sell out to some  
one who is.

We must have incurred the displace-  
ment of the weather clerk for some  
reason. A few days of bright, spring  
weather, however, will make the people  
swarm out to the carnival attractions  
more than ever before.

If the boards cannot give the city  
any sanitation they should get out  
and let some one in who can. Disease  
has had six weeks the start of us this  
year, and we have only the slothful-  
ness of city officials to thank for it.

Some of the Democrats profess to be  
greatly surprised to hear of the flag-  
rant steals of the party in Louisville.  
There is no reason they should be as-  
tonished. Everyone familiar with the  
methods of the Democratic party in  
Kentucky knew all along that it  
would steal—from its own members  
as well as from the Republicans.

Grover Cleveland's candidacy for  
the Democratic nomination for presi-  
dent may be summed up in a few  
words, "Barkie is willing." Mr.  
Cleveland is too smooth a politician to  
run the risk of getting turned down  
by his party. He does not seek the  
nomination, but he would accept it if  
it were offered him. If he does not  
get it, he loses nothing. If he does,  
he is that much ahead.

New Hampshire has not found total  
abstinence a success, judging from  
the vote yesterday in the liquor contest.  
Eleven cities, representing a large part  
of the state, voted to license saloons  
for the first time in half a century. It  
is claimed that the state law prohib-  
iting the sale of liquor in the state has  
been a failure, and that despite it li-  
quor has been sold illegally in all of  
the cities. The license in the  
towns is fixed at \$1,000 and in the cities  
still more.

There is no excuse for the negligent  
and indifferent manner in which the  
two legislative boards of Paducah have  
treated the sanitary question this year.  
Here it is the middle of May, with no  
sanitary inspections in any part of a  
city of 25,000 people. The fifth is ac-  
cumulating and warm weather is  
breeding disease in every quarter and  
yet the boards remain inactive. Pro-  
crastination seems to be the motto of  
the administration. It seldom decides  
any matter. A few seem afraid  
that if matters affecting the public  
are disposed of it will make somebody  
mad and lose votes for them in their  
prospective candidacies for some office  
this fall. If they can't manage city  
affairs they ought to resign.

There are no charges against Super-  
intendent Wallace of the city electric  
light plant and he ought to insist on  
his right to return to work. The  
light committee of the legislative  
boards has no more right to keep him  
from working than it would have to  
prevent Captain Henry Bailey from  
discharging his duties as head of the  
police force. They did not elect Supt.  
Wallace, and have no right to keep  
him from working. The only way to

get ahead of such tyrannical, defiant  
and thoroughly unscrupulous officers  
is to force them through the courts to  
keep their places. If Supt. Wallace  
had any sense he would have done  
this long ago. If they want to get rid  
of him they know how to do it. Pro-  
per charges, sustain them, and the  
boards will have to dispense with him.  
Until then they have no more to do  
with keeping him from discharging the  
duties he was elected to perform  
than the Brookport aldermen have.

It seems the action regarding the  
sidewalks along the streets that are to  
be paved by the city was prompted  
largely by a desire on part of a few  
members to make "grand stand plays."  
They want to carry favor with certain  
elements and get votes. The people  
in general, however, will vote against  
any man or men who sit by and allow  
people to construct variegated side-  
walks in the business part of the city,  
some of brick and some of concrete or  
granite. Good appearance demands  
that the pavements be uniform. There  
would be as much reason in having a  
part of the street of brick and the re-  
maining asphalt—nothing to please  
the property owners—and get their  
votes. These officials, however, should  
remember that there are thousands of  
people here who do not own property  
along the streets to be improved, and  
they will never support men who have  
such a total disregard of the public  
welfare. Nobody believes that any-  
one who owns property in the busi-  
ness part of town is not able to pay  
for the proper kind of sidewalks.

The enterprise that prompted the  
stockholders of the water company to  
decide on placing a filtration plant in  
at Paducah is to be commended. The  
people of Paducah have long complained  
at times of the muddy water, but  
no concessions were ever made by  
either the city or the public towards  
getting a filtration plant. It is only  
within the past three years that the  
filtration of river water for cities has  
been perfected, and now nearly every  
large city of importance in the country  
using river water is preparing to ex-  
pend vast amounts of money for filtra-  
tion. Some will pay out as much as  
thirty million dollars for modern  
plants. Paducah is to get a plant that  
will be equal to the demands of a  
growing population, for many years to  
come, and a one which will cost  
less on to \$100,000. It will give us  
water 97 per cent pure, which is as  
pure as water can be made. The wa-  
ter company has managed its plant in  
Paducah in a businesslike manner and  
has made it one of the most complete,  
successful and profitable institutions  
in the country. In thus preparing for  
years to come by placing in the new  
filter, it shows that it has the inter-  
ests of the city and the people as well  
as its own interests, at heart.

## STRIKE STILL ON

Talk Now of the Mound City  
Men Quitting.

Howards Have Other Ship Yards—  
Strike at Jeffersonville.

The Howards seem to be greatly  
embarrassed at present by their men  
striking. The ship carpenters and  
cankers here on the ways, owned now  
by the Howards, have been out for  
several days, and work has been taken  
from Paducah to Jeffersonville, Ind.,  
and Mound City, Ill., where the  
Howards have other ship yards.

Yesterday the men quit at Jefferson-  
ville on a refusal of the company to  
increase pay and give them a nine  
hour day, and today it is understood  
there is a prospect of the men at  
Mound City striking. Work will then  
have to be taken by the Howards to  
some of their other ship yards.

There is no change in the local sit-  
uation. The men declare they will hold  
out until their demands are complied  
with, and it seems to be a question of  
who can hold out the longer. The  
Howards seem to be in a position to  
fight the strikers unless the men on all  
of their works strike, of which there  
is no indication at present.

## WILL PERMIT COUNT

The Marshall County Chairman  
Ready to "Crawfish"

The Vote in This County to Be Can-  
vassed Saturday.

Mr. C. W. Morrison, chairman of  
the county Democratic committee  
stated this morning that Chairman Ed-  
wards, of the Marshall county com-  
mittee, was investigating the law re-  
lative to a count of the votes in Ma-  
shall county and would do what was  
the right thing, he thought. In the  
matter of letting a count of the votes  
out for commonwealth attorney be  
made by Attorney L. K. Taylor and  
Chairman Morrison.

This was refused yesterday and At-  
torney Taylor became indignant over  
the treatment and threatened to secure  
a mandamus against Edwards and  
compel a count. Mr. Morrison stated  
further that he construed the law to  
mean that a count must be made. The  
general election count is made by com-  
missioners appointed by the governor  
but in primaries the count is supposed  
to be made by the chairman of the  
county committee.

Saturday the vote of McCracken  
county, state officers, railroad com-  
missioners, etc., will be made in  
Chairman Morrison's office.

Attorney John Lovett, of Benton,  
who wins the nomination for common-  
wealth's attorney, stated today that  
there was no reason that the vote in  
Marshall county should not be con-  
tested except that the primary law spe-  
cifies that it shall not be counted by  
the county chairman and others except  
in case of a contest, and that if it were  
permitted it might result in the entire  
county being thrown out and his de-  
feat simply because it was allowed  
contrary to law.

## SMALL THEFTS

A Number Reported to the Po-  
lice Today.

A West End Lady Is Annoyed By Cows  
and Hogs.

A number of small thefts have been  
reported to the police today, but none  
of them indicate the presence of pro-  
fessional crooks, who are afraid to  
come to Paducah on account of the  
manner in which the police get on to  
them and arrest them.

Mr. A. L. Palmer, of 428 South  
Eighth street, reported that a thief  
reared the window of his bedroom and  
stole from his pastaloons about \$25.

Mr. John Terrell reported that a set  
of heavy buggy harness was stolen  
from his stable on North Fifth street.

A number of small thefts, such as  
food and clothing, have been heard of  
but not reported to the police. One  
lady today registered an unique com-  
plaint at police headquarters.

She states that she is annoyed every  
night by a stray cow with a bell, and  
during the day a number of itinerant  
hogs keep her busy driving them from  
her premises. She intimates that if  
she wanted the advantages of country  
life, she would move to the country.

## POLICE COURT.

Jesse Adams, colored, was fined \$1  
and cost for drunkenness.

Ollie Riley, colored, was fined \$1  
and costs for disorderly conduct.

There were two charges against  
Charles Levert, colored, one for a  
breach of ordinance, in jumping on  
and off the gondolas at Ninth and  
Broadway, and another for using pro-  
fane language. Both cases were con-  
tinued.

The case against E. D. Drennen and  
B. D. Foster, for fighting in the Rich-  
mond hotel lobby yesterday afternoon  
was brought up and Foster dismissed  
and Drennen continued.

A breach of the peace case against  
Will Sherer, white, was left open.

Ed Perkins, colored, was fined \$5  
and costs and Cora Dawson, colored,  
\$1 and costs for a breach of the peace.

Will Jordan, colored, was arraigned  
for maliciously shooting at Mack  
Wright, colored, yesterday afternoon  
on the North Side. He was not hit  
and was arrested this morning.

The following appraisers for the es-  
tate of Eva Peter have been appoint-  
ed, Caesar Berger, L. J. Potter and  
Fritz Metzger.

## THE SPRAGUE'S TOW

She Reaches Louisville With a  
Monster.

It Covered About Six Acres of Water  
and She Wanted More.

The "wonderful Sprague" is going  
up from New Orleans with the biggest  
tow of empty craft ever brought up  
the Mississippi river. Twenty miles a  
watch is what her pilots report that  
she is making against the current,  
which is considered to be a wonderful  
performance. Her tow consists of 58  
pieces, mainly coalboats. A diagram  
of the original tow with which she  
left New Orleans has been sent to Har-  
bor 25, and is now posted on the walls  
of the harbor's rooms in the Iron Ex-  
change building at Pittsburg. She  
had 44 pieces, 32 coalboats, 11 barges  
and one flat. The coalboats are rang-  
ed in front of the Sprague, eight broad  
and four deep. The barges are placed  
conveniently alongside the coalboat  
and alongside the towboat. Since  
leaving New Orleans, however, she  
has picked up several pieces, until  
now, it is reported at the office of the  
Monongahela combine, she has 58  
pieces. Her tow, as now constituted,  
covers five and a half acres of water.  
She will remain at Louisville until  
there is another good rise to let her re-  
turn south with a big tow of coal.  
On account of the river falling so fast  
the Fulton went down to Flint Island  
and will bring up 17 of the Sprague's  
empties. The Sprague reached Evans-  
ville with 56 empties and added four  
more pieces to her tow there, and came  
on up looking for more to hitch to.

## BIG FLOW OF OIL

A Company Near Henderson  
Strikes it Rich.

Nothing Like It Ever Seen Outside of  
Pennsylvania.

Henderson, Ky., May 13—President  
Fred Frayser, of the White Lick Oil  
company, is greatly elated over news  
conveyed to him from the seat of op-  
erations, 18 miles out from the city on  
the line of Henderson and Webster  
counties, relative to a remarkable flow  
of oil that has developed.

Mr. Frayser was told that the well  
on which they were working had sud-  
denly shown such a flow of oil that it  
could not be controlled by the force  
then on the ground, and Mr. Frayser  
was urged to bring an additional force  
of men.

Mr. Hanck stated that in all of his  
experience in boring for oil he had  
never seen a flow outside of Pennsylv-  
ania equal to the flow then on at  
White Lick. This well is the fourth  
one put down by the company and is  
quite a distance away from the others.  
It is claimed to be a gusher, and, on  
account of the poor arrangements in  
hand for controlling the flow and the  
limited help on the ground, there is  
danger of losing a great quantity of  
oil.

## TO BOOST RATES

TELEPHONE COMPANIES FLUNK  
IN MISSISSIPPI.

Jackson, Miss., May 13—A number  
of domestic telephone companies op-  
erating in this state have recently  
awakened to the fact that the prices  
which they have been charging for  
their service are not enough to pay op-  
erating expenses, a small dividend  
and provide a small sinking fund for keep-  
ing the plant in repair, and they are  
asking the railroad commission, which  
has supervision of telephone rates, for  
permission to increase their charges.  
Many of these companies were formed  
in opposition to larger systems, and as  
a result the price of service was put at  
a very low figure. Things went on  
swimmingly until, after a few years  
of operation, it dawned on the invest-  
ors that the plants were running  
down. The commission will doubtless  
grant the requests.

Windmill in Use Again  
In Germany electricity, among other  
curious results, has rehabilitated the  
discarded windmill. At Neresheim a  
windmill supplies power for thirty-six  
incandescent lamps, that light a large  
point factory. Another in Schleswig  
Holstein keeps up a steady current of  
thirty volts. At Dusseldorf a wind-  
mill winds up heavy weight, of which  
the present works a powerful dynamo.

## ACEAD MILLE FALTA

TO ALL  
FRIENDLY VISITORS!

Our fair city has opened wide her  
portals and our hospitable people are  
greeting the visiting multitude with a  
"A Hundred Thousand Welcomes" as  
we express it in the sweet flowing lan-  
guage of the Gael.

Carnival week, the annual May Festi-  
val of Kentucky's Western Metropoli-  
s, is anxiously looked forward to  
with happy anticipations by young  
and old in the city and throughout the  
neighboring states.

As true Kentuckians, let us in our  
characteristic style extend to our visit-  
ing neighbors every courtesy and  
consideration, and by our broad gen-  
erosity make everybody feel quite at  
home. Lay down your arms for a time  
and enter into the real spirit of this  
festive occasion for the success of the  
enterprise and the mutual benefits to  
be derived.

A few features may seem frivolous  
to some of us who have outlived our  
youthful days, but we should remem-  
ber that "a little nonsense now and  
then is relished by the wisest men."  
Many of the carnival attractions will  
be truly instructive, most of them are  
sure to be entertaining and if all of us  
show the proper spirit by liberal patron-  
age the whole affair will prove  
quite profitable to a large and repre-  
sentative element of our people.

As this joyous occasion occurs but  
once a year, we should make the best  
of it socially, financially and morally,  
as the purpose for which it is given is  
as broad as humanity, and worthy of  
the greatest success.

We should all get into a happy hu-  
mor and feel thankful for the "glori-  
ous privilege" of being in attendance.  
For "let fate do her worst there are  
moments of joy," bright spots in  
life's pathway she cannot destroy.

Such occasions are as sparkling gems  
flashing their bright beams around the  
dull settings of life's cares and strug-  
gles. They stimulate us with renewed  
hope and courage to continue faithful  
in life's battle to the close.

Let us then, one and all aid in mak-  
ing this week an epoch in local history  
and an event long to be remember-  
ed. Let each do his part so all may  
enjoy to the fullest extent, consistent  
with prudence and prosperity, this  
splendid opportunity for physical re-  
laxation and mental repose.

On these festive occasions the bond  
owner, the banker and the trust mag-  
nate touch elbows with and greet cor-  
dially the artisan, the shopkeeper and  
the knight of labor, with true republi-  
can simplicity, thus beautifully illus-  
trating by harmonious sentimentality  
the ennobling truth of the brotherhood  
of man.

This being a great holiday season  
we are not much wrapped up in busi-  
ness, but in order not to disappoint an  
anxious public, and for the purpose of  
carrying out our usual custom on these  
occasions we have opened our great  
annual carnival sale. We are too busy  
to quote figures today, just drop in to-  
morrow or any day this week and our  
prices will convince you that our  
counters are truly festive boards of big  
bargains. All sorts of Dry Goods,  
dainty and up-to-date Dress Goods,  
Shirts, Walking Skirts, Wash Skirts,  
Lace Curtains, Embroideries, Laces,  
Gloves, etc., go at almost your own  
prices for a whole week. Everything  
desirable in ladies' and men's furnish-  
ing goods. All the goods in our store

## SANITATION NEEDED

CITY IS GETTING IN BAD CONDI-  
TION.

There have been no sanitary inspec-  
tions in Paducah this year, which is  
unusual considering the fact that an-  
nually the sanitary officers heretofore  
went to work April 1. Six weeks have  
passed with no effort towards starting  
them out in Paducah, and according  
to reports the city is getting into a  
very filthy condition, and many nu-  
isances exist in various parts of town.  
The health authorities can do nothing  
whether or not anything will be done  
this summer.

The Charleston went into Tennessee  
river this morning.

## STUDENTS ON RAMPAGE

BREAK UP A CIRCUS IN AN ATTEMPT TO LYNCH A NEGRO.

Columbia, Mo., May 13—A negro employee of a circus here was obliged to flee from the tent at the performance to escape lynching by a mob of Missouri University students. During a rush for seats the negro struck Stanley Simon of Toledo, O., a student, a blow on the head with a tent pole, causing a dangerous but not fatal wound. The students, on seeing the blood flow, rushed over the ropes and one of the football team caught the negro with his fist on the point of the chin. The negro rolled under the tent and escaped in the darkness. The students, assaulted a number of the employees and demanded the negro be given up that they might string him to the center pole, but he could not be found. The circus was allowed to proceed, but when a negro singer appeared in the concert the performance was broken up in an uproar.

## CURIOUS THINGS

### COME FROM COFFEE DRINKING

A lady in New York City suffered an accident to her leg and a running sore followed that medical science tried to cure for many years, but, unknown to her, the coffee she drank daily kept the blood in a condition that would not let the sore heal. "Three years ago," says this lady, "I was advised to drink Postum and give up coffee, of which I was very fond. To say that I am thankful now for having done this is putting it very mildly, for as soon as I made the shift from coffee to Postum my leg began to heal and in a few weeks was quite well."

"It has never troubled me since and I think it marvelous. Neither have I suffered from the bilious headaches which used to afflict me. I can give you the names of many of my friends who are as firm friends of Postum as I." Name given by Postum Co., Battle Creek, Mich.

This is a case where Postum made red blood in a hurry. This lady thought it marvelous because her trouble of years' standing was cured in a few weeks though giving up coffee and using Postum in its place. Nothing marvelous about it, only the simplest scientific reasons, that it will pay anyone to look into.

Good healthy red blood will cure most any disease. Coffee in many people destroys the red corpuscles and produces white or watery blood. A definite change is made by leaving off coffee entirely and using Postum. You can prove this by trial.

## UNIONS WIN.

IMPORTANT VICTORY WON IN OMAHA, NEB.

Omaha, Neb., May 13—Judge Dickson at 7 o'clock last night on application of John O. Yelzer, an attorney representing the labor unions whose members are on strike, issued an injunction against the Business Men's association and proprietors even more sweeping than that issued by the federal court against the unions last week. The order restrains the business men from refusing to sell goods to dealers who employ union labor, prevents them from boycotting union labor, requires the Business Men's association to cease holding meetings or conspiring against the unions, or in any way interfering with the unions in the management of their affairs.

Reading lady has brought suit for \$100,000 for damages to her eyes and face caused by a defective pair of glasses. The suit was filed in the federal court at St. Louis.

## A PASTOR'S WIFE CURED OF PELVIC CATARRH.

She Suffered for Years and Felt Her Case Was Hopeless—Cured by Peruna.

MRS. ANNA B. FLEHARTY, recent Superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.

In a letter written from 401 Sixty-seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peruna:

"Having lived a very active life as wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.

"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.

"I would not be without Peruna for ten times its cost."—Mrs. Anna B. Fleharty.

What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female diseases.

Dr. Hartman was among the first of America's great physicians to make this discovery. For forty years he has been treating diseases peculiar to women, and long ago he reached the conclusion that a woman entirely free from catarrhal affection of these organs would not be subject to female diseases. He therefore began using Peruna for these cases and found it so admirably adapted to their permanent cure that Peruna has now become the most famous remedy for female diseases ever known. Every where the women are using it and praising it. Peruna is not a palliative simply; it cures by removing the cause of female diseases.

Dr. Hartman has probably cured more women of female ailments than any other living physician. It makes these cures simply by using and recommending Peruna.

Mrs. Anna B. Fleharty.

Mrs. E. L. Brown, 329 Elliott street, Memphis, Tenn., writes:

"I suffered for several years with headache brought on by nervous prostration. I was also afflicted with insomnia. I would get up in the morning more weary than when I retired and I used to dread the approach of night. Peruna came into my home as a welcome guest, and within three short months I was like another woman. I have now enjoyed perfect health for over a year, and those who have suffered as I did will know how happy I am."—Mrs. E. L. Brown.

Mrs. Esther M. Milner, De Graff, Ohio, writes:

"I was a terrible sufferer from female weakness and had the headache continuously. I was not able to do my housework for myself and husband. I wrote you and described my condition as near as possible. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine."—Mrs. Esther M. Milner.

Congressman Thad. M. Mahon, of Chambersburg, Pa., writes:

"I take pleasure in commending your Peruna as a substantial tonic and a good catarrh remedy."—T. M. Mahon.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

## Woman's Best Friend.

Zoe Phora Brings Relief and Permanent Cure to Pains and Backache. It is a Certain Regulator and Safe Remedy in the Danger Periods of Woman's Life.

TRIAL BOTTLE MAILED FREE TO ANY WOMAN.

Zoe Phora cures falling or displacements, leucorrhoea, female irregularities and disease or weakness of the pelvic organs, flooding, lacerations, kidney, liver, or bladder trouble, and change of life.

Miss Alice V. Mills, 39 W. Ninth avenue, Columbus, O., says:

"I feel it my duty to say a few words in regard to the relief your medicine has given me. I have suffered intensely for nine years—from what cause I did not know and do not now. I have tried several remedies with little or no relief. The symptoms which bothered me most was great pain in the left side and near the kidneys. I also had severe stomach and bowel trouble. I have been advised to go to the hospital, but I found that Zoe Phora was far better than the knife. I have taken three bottles of Zoe Phora, and two boxes of anti-Constipation Pills; your remedies have certainly done me worlds of good. They have made a wonderful change in my condition. I gladly recommend Zoe Phora and anti-Constipation Pills to all suffering women. They will never find its equal. Zoe Phora has indeed been a friend to me."

Zoe Phora is sold by all druggists in one dollar bottles. Write the Zoe Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." This doctor will gladly give free special advice when needed.

### WILL ACCEPT.

THIS IS WHAT COL. JOHN MELOAN WOULD DO WITH SENATORSHIP.

Colonel John Meloon, of Murray, Calloway county, who was prominent in the recent fight against the Democratic state machine, will in all probability make the race in his senatorial district for the Democratic nomination for senator. He has been urged to run and in a card to one of the papers yesterday he signifies his willingness to make the race if the people want him.

### THE CITY WINS SUIT.

Frankfort, May 13—Judgment of the Hickman circuit court in the case of Minnie Porter and J. M. Beeler against the city of Clinton was affirmed by the court of appeals. Judge Barker writing. The city sued and recovered in the lower court for \$5000 for sidewalk improvements.

## Worry

Almost Unnerved Me—Heart Pains.

Short of Breath, Faint and Languid.

Dr. Miles' Heart Cure and Nerve Cured Me.

"It has been five years since I was cured of heart trouble by your Heart Cure and Nerve. I am just as sound as a dollar in that organ today. For several years I had been suffering with my heart. Breathing had become short and difficult at times, sharp pains about the heart, sometimes accompanied with fluttering would make me feel faint and languid. The least excitement or mental worry would almost unnerve me. I felt that the trouble was growing worse all the time, and after trying many remedies prescribed by physicians without obtaining relief, I was induced to give your remedies a trial. I was relieved the second day, and after taking three or four bottles all symptoms were removed and have never showed signs of returning."—REV. GEO. W. KIRACORE, Chincoteague, Va.

There are many symptoms of heart disease, which so closely resemble those of more common nervous disorders as to frequently mislead the attending physician. Often in cases of heart trouble the stomach, kidneys, liver or lungs become affected. Again the symptoms may be those of weakened nerves, as tired feeling, sleeplessness, timidity, the patient is easily excited and apt to worry without cause. If you have the least suspicion that your heart is weak study your symptoms and begin the use of Dr. Miles' Heart Cure, the great heart and blood tonic, without a day's delay.

### HEMMED IN TO DIE.

HORRIBLE FATE OF AN UNKNOWN WOMAN AT BAKU.

New York, May 13—A stone mason was at work on an old wall in the center of the town when a carriage swiftly drove up to him, two masked men jumped out, threw a bag over his head, huddled him into the carriage and galloped away, says a dispatch from Baku to the Herald.

After half an hour's furling driving the mason was told to alight, the sack was taken from his head and he found himself in an old-fashioned courtyard. He was pushed through a door into a corridor, and in an empty room he noticed an opening in a stone wall in which was wedged a woman, trembling and with terrified face.

The men who had brought the mason pointed revolvers at his breast and ordered him to wall up the opening and the woman behind it, threatening to shoot him dead if he refused. Stones, mortar and trowels were in the room. He was told that the woman was a Mahometan, who had injured her husband.

The mason built up the opening, the sack was again drawn over his head, and three-quarters of an hour later he was put out of the carriage at a lonely part of the city. As soon as he could free himself of the sack he did so, but the carriage had disappeared. He went immediately to the police and told his story, but although the police are ransacking the houses in the Mahometan quarter, they can find no trace of the locality of this horrible crime.

### SUIT DISMISSED

MRS. MINNIE LEONARD CABANNE RETURNS TO HER HUSBAND.

Yesterday's Globe-Democrat said: Mrs. Minnie Leonard Cabanne yesterday dismissed her suit for divorce against James Shepard Cabanne, which was filed in the circuit court April 10.

Vital W. Garesche, attorney for Mrs. Cabanne, made no statement to the court in dismissing the case further than that it should be dismissed at the plaintiff's cost and without prejudice to her. It is known, however, that Mr. and Mrs. Cabanne have settled their differences and are again living together.

The couple were married at Metropolis, Ill., June 2, 1898, after eloping from the home of the bride in Eddyville, Ky., where her father is a hatter. They lived together until January 31, 1903, when Mrs. Cabanne left her husband and filed suit in the circuit court for divorce.

### ARTESIAN WELL.

TALK OF SINKING ONE AT METROPOLIS, ILL., SOON.

The people of Metropolis, Ill., have had so much trouble with the intake pipe of the water works that there is talk of sinking an artesian well, and an investigation of the cost will probably be made at once. The trouble with the intake costs the city a great deal every year, and the people want some relief.

### NEW DEPUTY.

PRINCETON MAN TO SUCCEED MARSHAL GEORGE SAUNDERS.

Mr. J. Sydney Hubbard, of Princeton, Ky., has been appointed deputy U. S. Marshal for this district, succeeding Deputy Marshal G. W. Saunders, of Mayfield, who resigned a short time ago. Mr. Hubbard is a brother of Mr. Ed Hubbard, formerly revenue agent here, and it is probable will make Paducah his headquarters.

### POET STODDARD DEAD.

New York, May 13—Richard Henry Stoddard, the poet, died at his residence in this city. Mr. Stoddard died less than a year ago, and his son, Lorimer Stoddard, is also dead. Mr. Stoddard was the only member of the family left. For a week past he had been confined to his bed with rheumatism of the heart and ill localized to old age. Mr. Stoddard was born in Bingham, Mass., July 2, 1825. He was known as the grand old man of American letters.

### TO TRY PRIMARY CASES.

Frankfort, Ky., May 13—The court of appeals yesterday ordered the clerk to enter an order setting aside the order dismissing the case of Mencham vs. Young and others, members of the Democratic executive committee to call a primary election.

### HESTER WON.

WARM CONTEST ABOUT DECIDED IN COUNTIES BELOW.

A hot contest was that in Graves and other counties below between Attorneys R. H. Hester and Harry J. Moorman for the nomination for commonwealth's attorney in that district. It seems from complete returns that Mr. Hester wins from Mr. Moorman by about 44 majority.

### CHINESE ARRESTED.

San Francisco, May 13—Four of the eleven presidents of the See Ynp Society have been arrested for conspiracy to murder the 300 members of the Chinese Society of English education, and two of them, One Hong On, who is not only the president of the On Ylok High Binder Tong, but of the Zee Yaps, and Lee Ying, president of the Bow Leong Tong, have made complete confessions.

The other seven presidents are in hiding, but will be arrested as fast as they can be found. The men under the ban of the See Ynp Society were suspected of giving the authorities information regarding gambling in Chinatown.

### SPRING AILMENTS.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind are toning up. The trouble is that during winter there has been an accumulation of waste matter in the system. Herbine will remove it, secure in the secretions a right exit, and by its tonic effect fully restore the wasted tissues and give strength in place of weakness. 50c at DuBois, Kolb & Co.

### MUCH SMUGGLING GOING ON.

New York, May 13—William H. Theobald, former special agent of the treasury department, makes the statement that more smuggling is going on now than there has been at any previous time in the history of the United States government. Of his own personal knowledge he said he knew of four pearl necklaces, no one of which was worth less than \$30,000, having been brought into port of New York without paying a cent of duty.

### CURES WHEN DOCTORS FAIL.

Mrs. Frank Chieson, Patterson, La., writes June 8, 1901: "I had malarial fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottle at DuBois, Kolb & Co.'s.

### PRESIDENT FORCED OUT.

Panama, Colombia, May 13—It is reported here that President Marroquin has been compelled to resign office on account of political troubles, and that General Raphael Reyes, second vice president of Colombia, will assume the presidency. Friends of the canal are anxiously awaiting confirmation of this report.

### FOR THOSE WHO

#### LIVE ON FARMS.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns. Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1 at DuBois, Kolb & Co.'s."

### FURNITURE STRIKE ENDED.

Evansville, Ind., May 13—The ten furniture factories of Evansville, that have been closed down since April 1 because of the strike of the workmen, resumed, and a majority of the strikers returned to work. Over 700 men were affected. The strike ended in a compromise.

### WORLD-WIDE REPUTATION.

Whita's Cream Vermifuge has achieved a world-wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and neuritic children, as it neutralizes the acidity or sourness of the stomach, improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at DuBois, Kolb & Co.'s.

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and  
 Happening in the Reign of His August Majesty King Henry the Eighth

Re-written and Rendered into Modern English from Sir Edwin  
 Castleden's Memoir  
**By EDWIN CASKODEN [CHARLES MAJOR]**  
 Copyright, 1902 and 1901, by the Dutton-Merrill Company

With a great oath Bradhurst ex-  
 claimed: "It is plain enough that you  
 have brought a girl on board under  
 false colors, and you may as well make  
 ready to put her ashore. You see what  
 she has already done—a hand lost to  
 one man and wounds for twenty others  
 —and she was on deck less than five  
 minutes. Heart of God! At that rate  
 she would have the ship at the bottom  
 of Davy Jones' locker before we could  
 sail half down the channel."

"It was not my fault," sobbed Mary,  
 her eyes flashing fire. "I did nothing;  
 all I wanted was to be left alone, but  
 those brutes of men—you shall pay for  
 this; remember what I say. Did you  
 expect Captain Brandon to stand back  
 and not defend me when that wretch  
 was tearing my garments off?"

"Captain Brandon, did you say?"  
 asked Bradhurst, with his hat off in-  
 stantly.

"Yes," answered that individual. "I  
 shipped under an assumed name for  
 various reasons, and desire not to be  
 known. You will do well to keep my  
 secret."

"Do I understand that you are Master  
 Charles Brandon, the king's  
 friend?" asked Bradhurst.

"I am," was the answer.  
 "Then, sir, I must ask your pardon  
 for the way you have been treated.  
 We of course could not know it, but a  
 man must expect trouble when he at-  
 taches himself to a woman." It is a  
 wonder the flashes from Mary's eyes  
 did not strike the old seadog dead. He,  
 however, did not see them and went  
 on: "We are more than anxious that so  
 valiant a knight as Sir Charles Brandon  
 should go with us, and hope your  
 reception will not drive you back. But  
 as to the lady, you see already the re-  
 sult of her presence, and, much as we  
 want you, we cannot take her. Aside  
 from the general trouble which a wo-  
 man takes with her everywhere"—Brad-  
 hurst would not even look at the creature  
 —"on shipboard there is another and  
 greater objection. It is said, you know,  
 among sailors that a woman on board  
 draws bad luck to certain sorts of  
 ships, and every sailor would desert  
 before we could weigh anchor if it  
 were known this lady was to go with  
 us. Should they find it out in mid-ocean  
 a mutiny would be sure to follow, and  
 God only knows what would happen.  
 For her sake if for no other reason  
 take her ashore at once."

Brandon saw only too plainly the  
 truth that he had really seen all the  
 time, but to which he had shut his  
 eyes, and, throwing Mary's cloak over  
 her shoulders, prepared to go ashore.  
 As they went over the side and pulled  
 off a great shout went up from the ship  
 far more derisive than cheering, and  
 the men at the oars looked at each other  
 askance and smiled. What a predicament  
 for a princess! Brandon cursed  
 himself for having been such a knave  
 and fool as to allow this to happen.  
 He had known the danger all the time,  
 and his act could not be chargeable to  
 ignorance or a failure to see the prob-  
 able consequences. Temptation and self-  
 ish desire had given him temerity in  
 place of judgment.

When the princess stepped ashore, it  
 seemed to her as if the heart in her  
 breast was a different and separate  
 organ from the one she had carried  
 aboard.

As the boat put off again for the ship  
 its crew gave a cheer coupled with  
 some vile advice, for which Brandon  
 would gladly have run them through,  
 each and every one. He had to swallow  
 his chagrin and anger and really  
 blamed no one but himself, though it  
 was torture to him that this girl should  
 be subjected to such insults and he  
 powerless to avenge them. The news  
 had spread from the wharf like wild-  
 fire, and on their way back to the  
 Bow and Stirling there came from small  
 boys and hidden voices such exclamation  
 as: "Look at the woman in man's  
 clothing!" "Isn't he a beautiful man?"  
 "Look at him blush!" and others too  
 coarse to be repeated. Imagine the hu-  
 miliating situation, from which there  
 was no escape.

At last they reached the land, whither  
 their chests soon followed them, sent  
 by Bradhurst, together with their pas-  
 sage money, which he very honestly re-  
 funded.

Mary soon donned her woman's at-  
 tire, of which she had a supply in her  
 chest, and at least felt more comfort-  
 able without the jack boots. She had  
 made her toilet alone for the first time  
 in her life, having no maid to help her,  
 and wept as she dressed, for this disap-  
 pointment was like plucking the very  
 heart out of her. Her hope had been  
 so high that the fall was all the harder.  
 Nay, even more; hope had become  
 fruition to her when they were once  
 a-shore, and failure right at the  
 door of success made it doubly hard  
 to bear. It crushed her, and where before  
 had been hope and confidence was  
 nothing now but despair. Like all peo-  
 ple with a great capacity for elation,  
 when she sank she touched the bottom.  
 Alas, Mary, the unconquerable, was  
 down at last.

This failure meant so much to her.  
 It meant that she would never be  
 Brandon's wife, but would go to  
 France to endure the dreaded old  
 Frenchman. At that thought a recoil  
 came. Her spirit asserted itself, and  
 she stamped her foot and swore upon  
 her soul it should never be—never, nev-

er, so long as she had strength to fight  
 or voice to cry "No!" The thought of  
 this marriage and of the loss of Brandon  
 was painful enough, but there  
 came another, entirely new to her and  
 infinitely worse.

Hastily arranging her dress she went  
 in search of Brandon, whom she quick-  
 ly found and took to her room.

After closing the door she said: "I  
 thought I had reached the pinnacle of  
 disappointment and pain when com-  
 pelled to leave the ship, for it meant  
 that I should lose you and have to mar-  
 ry Louis of France. But I have found  
 that there is still a possible pain more  
 poignant than either, and I cannot bear  
 it; so I come to you—you who are the  
 great cure for all my troubles. Oh,  
 that I could lay them here all my life  
 long," and she put her head upon his  
 breast, forgetting what she had intend-  
 ed to say.

"What is the trouble, Mary?"  
 "Oh, yes! I thought of that marriage  
 and of losing you, and then, oh, Mary  
 Mother! I thought of some other wo-  
 man having you to herself. I could see  
 her with you, and I was jealous—I  
 think they call it. I have heard of the  
 pangs of jealousy, and if the fear of a  
 rival is so great what would the reality  
 be? It would kill me; I could not en-  
 dure it. I cannot endure even this, and  
 I want you to swear that!"

Brandon took her in his arms as she  
 began to weep.

"I will gladly swear by everything I  
 hold sacred that no other woman than  
 you shall ever be my wife. If I cannot  
 have you, be sure you have spoiled  
 every other woman for me. There is  
 but one in all the world—but one. I can  
 at least save you that pain."

She then stood on tiptoe to lift her  
 lips to him and said: "I give you the  
 same promise. How you must have  
 suffered when you thought I was to  
 wed another!"

After a pause she went on: "But it  
 might have been worse—that is,  
 it would be worse if you should marry  
 some other woman; but that is all set-  
 tled now and I feel easier. Then I  
 might have married the old French  
 knave, but that, too, is settled, and we  
 can endure the lesser pain. It always  
 helps us when we are able to think it  
 might have been worse."

Brandon might have escaped from  
 England in the loyalillo, for the  
 wind had come up shortly after they  
 left the ship, and they could see the  
 sails indistinctly through the gloom as  
 she got under way. But he could not  
 leave Mary alone, and had made up his  
 mind to take her back to London and  
 watch straight into the jaws of death  
 with her if the king's men did not soon  
 come.

He knew that a debt to folly bears  
 no grace, and was ready with his prin-  
 cipal and usance.

**CHAPTER XVIII.**  
**TO THE TOWER.**

WHETHER or not Brandon would  
 have found some way to de-  
 liver the princess safely home  
 and still make his escape I  
 cannot say, as he soon had no choice in  
 the matter. At midnight a body of  
 yeomen from the Tower took possession  
 of the Bow and Stirling and carried  
 Brandon off to London without com-  
 munication with Mary. She did not know  
 of his arrest until next morning, when  
 she was informed that she was to fol-  
 low immediately, and her heart was  
 nearly broken.

Here again was trouble for Mary.  
 She felt, however, that the two great  
 questions, the marriage of herself to  
 Louis, and Brandon to any other per-  
 son, were, as she called it, "settled,"  
 and was almost content to endure this  
 as a mere putting off of her desires, a  
 meddlesome and impertinent inter-  
 ference of the fates, who would soon  
 learn with whom they were dealing  
 and amend their conduct.

She did not understand the conse-  
 quences for Brandon, nor that the fates  
 would have to change their purpose  
 very quickly or something would hap-  
 pen worse even than his marriage to  
 another woman.

On the second morning after leaving  
 Bristol Brandon reached London and,  
 as he expected, was sent to the Tower.  
 The next evening Lady Mary arrived  
 and was taken down to Greenwich.

The girl's fair name was of course  
 lost, but, fortunately, that goes for lit-  
 tle with a princess—since no one would  
 believe that Brandon had protected her  
 against himself as valiantly and honor-  
 ably as he would against another. The  
 princess being much more unsophisticated  
 than the courtiers were ready to be-  
 lieve never thought of saying any-  
 thing to establish her innocence or vir-  
 tue, and her silence was put down to  
 shame and taken as evidence against  
 her.

June met Mary at Windsor, and of  
 course there was a great flood of tears.  
 Upon arriving at the palace the girls  
 were left to themselves, upon Mary's  
 promise not to leave her room, but by  
 the next afternoon she, having been  
 unable to learn anything concerning  
 Brandon, broke her parole and went  
 out to see the king.

## "Lightness of a 'Dorothy Dodd'"

On the Scales

A great many interesting facts may be discovered with a pair of scales, but it is doubtful if any single fact will be more interesting and valuable to the average woman than the weight of her shoes.

For this tells her, the number of ounces that most be lifted thousands of times each day, and a little calculation will show that she lifts tons of shoe leather a day—no small labor in itself.

The "Dorothy Dodd" shoe saves the lifting of more than one and one-half tons every day. A pair of "Dorothy Dodd" shoes are several ounces lighter than ordinary shoes. The feet are just so much more comfortable, and you are so much less tired. Put a pair to the test!

## RAILROAD NEWS

A Few Accidents are Reported  
Today.

New Agent at Metropolis—Minor  
Mention.

Dr. F. T. Fort, of Louisville, who was formerly located here but is now connected with the Illinois Central hospital in Louisville, arrived last night to attend a meeting of the medical society.

Special Agent Dusen, of Louisville, is here looking after the crooks who follow up carnivals. He will probably be here most of the week.

Mr. George Wiser, formerly shop foreman here, but now general foreman for the Gulf & Ship Island road has arrived from Gulfport, Miss., to attend the carnival and visit friends.

Mr. J. G. Ferguson, formerly a dispatcher at Princeton, who went to Metropolis to accept the position of agent there, has resigned, the work being too hard. His successor has not been named.

Superintendent A. Philbrick, of the Louisville division of the I. C., is in the city.

Supervisor W. C. Waggoner, of the Illinois Central, at Central City, arrived in the city this morning on business.

Mr. W. B. Gilbert this morning was installed in the master mechanic's office as clerk. He had been at the Broadway gun store.

Lee Mitchell, chief boilermaker for the Illinois Central, in its repair shops at Fulton, has resigned and will shortly be succeeded by John Houser, of Paducah.

Mr. James McMahon, for several years connected with the Illinois Central freight department at Louisville, has resigned and returned to Paducah to reside. Mr. McMahon has not decided in what business he will engage.

G. A. Bright, a boilermaker at the local I. C. shops, dropped a heavy piece of iron on his left foot yesterday afternoon and mashed the member badly. He will be laid up for several days by the accident.

### KENTUCKY SOCIETY.

LOYAL CITIZENS FORM AN ORGANIZATION IN FAR-AWAY CALIFORNIA.

With a characteristic spirit of loyalty and fraternity the former Kentuckians who are now residing at Los Angeles, Cal., have organized the Kentucky Association of Southern California, and are planning for a big celebration on June 20. Over 200 people are expected to take part, and it will be a noteworthy event for the exiles out West. The entertainment will be in the form of a picnic at Long Beach. Among the speakers of the day will be Col. Thomas A. Lewis, Dr. Byington, Madison B. Jones, Louis Luckel and Drs. W. M. Lewis, H. G. Bayless and C. T. Pepper.

The headquarters of the association are at 519 Douglas building, where there is always a cordial greeting for the wandering Kentuckian. The transplanted Kentuckians still love their native commonwealth. The officers of the association are: President, Dr. Frank S. Hyington; first vice-president, Col. Thomas A. Lewis; treasurer, W. H. Isgrig; secretary, John Urquhart; assistant secretary, Alfred Brown Hastings; auditor, Dr. H. G. Bayless.

### PADUCAHAN MARRIES

MR. MACK HILL MARRIES YOUNG LADY OF PARIS KY.

Relatives in the city have received news of the marriage yesterday of Mr. Mack Hill, of the city, a well known young dentist who graduated at Nashville last week and was until his last term located at Eldersville, to Miss Marie Rion, of Paris, Ky. The ceremony was performed at the Cathedral, Covington, Ky. Dr. Hill is a son of the late Mr. Lad Hill, of Paducah, and has several sisters and a brother here. He has not yet decided where he will locate, but has the best wishes of his many friends in Paducah.

### DEATH AT FULTON.

Fulton, Ky., May 13—Mrs. Mai Inman, aged 26, died at her home here after a several months illness. Until recently she and her husband resided in Obion.

### NEWS OF THE RIVERS.

Observations taken at 7 a. m. River 11.6 on the gauge, a fall of 0.6 in last 24 hours. Wind southeast a fine breeze. Weather, rain and cooler. Rainfall in last 24 hours 0.68 inches. Temperature 60. Poll. Observer.

The Avalon is due from Chattanooga.

Captain H. Baker is in St. Louis on business.

The Bittorf left at noon for Clarksville with a good trip.

The Clyde will leave at 5 o'clock tonight for Tennessee river.

The Pearce arrived and departed on time this afternoon for Golconda.

The Sunshine passed down to Memphis this morning about 9 o'clock.

The Helena, a small gasoline boat, arrived here this morning from Memphis.

The Joe Fowler arrived and departed on time this morning for Evansville with a large crowd of excursionists.

The Dick Fowler brought in an excursion from Cairo this afternoon about 3 o'clock and returns at 8:30 tomorrow.

The Delta has gone to Memphis, leaving Paducah yesterday afternoon. The boat has been repaired here and had been laying up several weeks awaiting the arrival of the owner who took her back.

The Margaret has not gone into Tennessee river yet. Every time steam is raised the rivets in the boilers leak. The repairs will be finished today, it is thought and she will leave immediately for her tow at Johnsonville.

### LIVELY RUNAWAY.

WILD HORSE PREVENTED FROM RUNNING INTO CROWD.

A team of horses attached to a beer wagon ran away on Broadway near Ninth street yesterday afternoon about 4:30 and came near running over several persons. Mr. James Sleoth, James Mills and several others ran out in front of the frightened horses and stopped them, but not before they had taken a fence next to the drug store and torn it partially down. No one was injured, and no damage was done other than to the fence.

### RURAL DELIVERY

NO NEW ROUTES TO BE ESTABLISHED UNTIL JULY 1.

Washington, May 13—Postmaster General Payne has announced that there would be no more establishment of rural free delivery postal service until July 1, the beginning of the next fiscal year. This is one result of the investigation of postoffice affairs and of the discovery that at the present rate of increase in the number of routes there would be a deficit of \$20,000 in the rural free delivery service by the end of the fiscal year.
